TUMMYTIME MOB.MEADDDAYS

Tiny Love™

Press the button to the "MUSIC" mode. 30 minutes of continuous music is activated, the led light turns on and the toy starts spinning. Eight melodies follow one another. After 30 minutes, the toy will turn itself off.

To activate the feedback sound and music, press the button to the "TAPPING" mode. After each touch, the sound of the toy will be activated, and the led light will turn on. If you want to use the Timmy Time mobile toy without music, press the button to "SOUND OFF" mode.

When the child is finished with the game, press the button to the OFF mode"

Senses - Newborns color perception is limited to white, black and shades of grey. As a result, they love looking at high-contrast patterns, which support the development of their vision.

Fine Motor Skills - Small enough to take anywhere, Pack 'n Go Mini Mobile stimulates your baby to use their hands and fingers in a variety of ways, encouraging the development of coordination.

Cognition - Tapping the wind chime and hearing the sound that follows, encourages your little one's understanding of cause and effect, advancing their cognitive skills!
